Sizing:

Club Cut vs Race Cut – see page 2 for sizing

- Men’s – For sizes large and above, the men’s club cut torso increases in circumference as the jersey size increases. The men’s race cut is shorter in length and the hem elastic is tighter (best for tall and very slender figures).
- Women’s – the women’s club cut will be slightly shorter in length, no hem elastic and slightly flared hips
- Women’s bust measurements can be snug
